#### Return Policy:

Returns for refunds are only accepted within 30 days of original purchase date, and items must be unused/uninstalled/unmodified, in original condition, in original packaging, and without any accessories/documents missing. Refunds are issued in the original form of payment. Unless we made an error, return shipping costs are the responsibility of the buyer, and original shipping and handling fees incurred are not refundable. A restocking fee of up to 20% (50% in limited circumstances) may also apply.

Items used for purposes other than what they were designed for, or have been altered in any way that would be detrimental to the performance or life of the product or misapplication, misuse, negligence or accident shall not be covered by LEDwholesalers.

Once return items are returned and inspected/tested, replacement units will be shipped without charge (unless Buyer returned new items for exchange, in which case we'll contact Buyer for any balance due).

**Please print this form, complete it, and include it with the item(s) being returned.** We recommend shipping your item(s) with a carrier who provides tracking and insurance options.
